A/T 3410

Hit Your Targets with Kinyo Blankets!

The Kinyo Air Tack 3410 is designed for two piece can printing

The A/T 3410 features:

- Type 34 construction with closed cell compressible layer designed for high impact impression and recovery.
- Tougher surface compound with specially designed high nitrile blend offers greater resistance to chemistry.
- Longer life for more label changes before changing blankets.
- Polished rubber surface for excellent ink transfer and perfect dot reproduction with waterless inks.
- Custom adhesive developed for secure mounting and clean removal from cylinders.
- Strict gauge control from blanket to blanket for quicker setup and excellent dot reproduction.

Technical Data		
Color	Blue	
Surface rubber	Specially designed high nitrile blend	
Surface finish	Polished	
Surface roughness (Ra)	0.8 µm	
Compressible layer	Closed cell – soft type	
Nominal thickness	1.95 – 2.00mm	1.98 – 2.03
Hardness (Shore A)	79°	
Micro hardness	61°	

These values are typical properties and are not intended for specification purposes
