

# Kinyo VIRGINIA INC. S5200

Hit Your Targets with Kinyo Blankets!

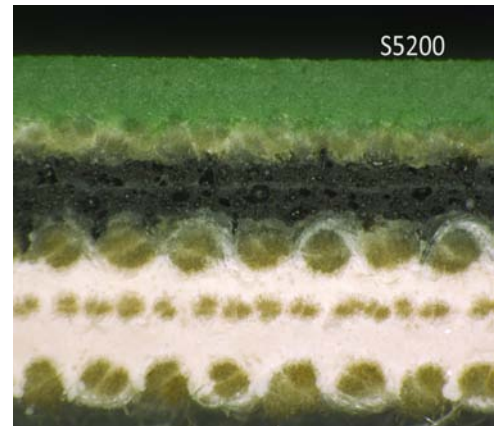

The Kinyo S5200 is designed for packaging, metal deco and sheet-fed applications

The S5200 features:

- High strength fabrics reduce stretching and gauge loss
- Closed cell, hard type compressible layer
- Abrasive resistant surface resists edge cutting when used for metal deco printing
- Ground rubber surface profiled for maximum ink transfer and quick release.

| Technical Data         |                         |             |             |             |
|------------------------|-------------------------|-------------|-------------|-------------|
| Color                  | Green                   |             |             |             |
| Surface rubber         | Nitrile blend           |             |             |             |
| Surface finish         | Ground                  |             |             |             |
| Surface roughness (Ra) | 1.9 µm                  |             |             |             |
| Compressible layer     | Closed cell – hard type |             |             |             |
| Nominal thickness (mm) | 1.27 – 1.32             | 1.65 – 1.70 | 1.93 – 1.98 | 2.59 – 2.64 |
| Shore A hardness       | 77 - 81°                | 79 - 83°    | 79 - 83°    | 76 - 80°    |
| Elongation             | < 1.3%                  |             | < 1.0%      |             |
| Micro hardness         | 61°                     |             |             |             |
